## **A History of Race Relations Research: First Generation Recollections (SAGE Focus Editions)**

Until recently, race relations research has been an understudied and stigmatized area of the social sciences. This volume traces its emergence as a central topic, highlighting the major milestones that established it as a legitimate research domain.

The contributors, key figures in the post-war development of United States race research, relate their own experiences with race and racism and the developing interest in the understanding of race as a social force, giving the reader an insider's view of the field.
