## **Forbidden Harvest** Josh Boyd

Determined to topple an international human organ-trafficking ring, CIA agents cast their lure in Rio de Janeiro and hook the Brazilian, Freddy Gomes. Choosing not to reel in their trophy, they give him more line, for there are many more fish they wish to fry. Both the CIA and Freddy contribute to the bewildering, diabolical labyrinth so paved with lies that New York surgeon David Schweitzer doesn't know to whom he can turn for help after his son, Sam, goes missing in the city of seven million. Ultimately David is led to Freddy's Amazon island clinic where he is faced with choices that violate his personal code of ethics. Will he perform illicit transplant surgery believing that by doing so he will save Sam? Will he, who believes in non-violence, kill a man who stands in his way of escaping from the island? Can he and his English bride-to-be, Angie Kingstone, escape the killer, Maggot, who stalks them to the end?
