THE ZODIAC BY DEGREES provides symbols and interpretations for each of the 360 degrees of the zodiac. These symbols make a direct connection with your basic spiritual energies and penetrate the private language of your personal mythology. For this second edition, every one of the 360 degrees has been re-examined from extensive lists of examples. In the end, about ninety degrees have undergone major changes and all of the rest have been clarified and sharpened. The result is a symbol system of unparalleled accuracy, and an indispensable tool for both amateur and practicing astrologers.
