## A Companion to Television

*A Companion to Television* is a magisterial collection of 31 original essays that charter the field of television studies over the past century

- Explores a diverse range of topics and theories that have led to television's current incarnation, and predict its likely future
- Covers technology and aesthetics, television's relationship to the state, televisual commerce; texts, representation, genre, internationalism, and audience reception and effects
- Essays are by an international group of first-rate scholars
