## **Looking At Art** Laurie Schneider Adams

This stimulating and fascinating introduction to art contains a series of thematic chapters covering a range of topics that will provide readers with a basis for approaching art and enjoying it. It also serves to dispel some preconceptions about the visual arts—assumptions made about a work based on an individual's own experience. Chapter topics include the appeal and aims of art, style and formal elements, artists at work, art themes, art in and out of context, approaches to art, and arguing about art. For museum goers and anyone who wants a better understanding of art.
