## Regulating Social Media: Legal and Ethical Considerations (Communication Law)

Convergence, participatory culture, multimedia technologies, and social media platforms are creating new communicative opportunities that fundamentally influence citizenship and journalism. Social media present a staggering breadth of legal and ethical matters to consider. The limits and laws of free expression in this new media landscape are beginning to emerge both domestically and internationally, causing us to ask the following questions: How do we conceive of privacy? Should the law protect citizen journalists? How do social media affect ethical obligations of journalists and public relations professionals?

These are just a few of the issues raised by the new social media landscape. Myriad standards of professional ethics command compliance in order for various media industries to function. Scholarly researchers of social media have not yet focused on the rights of expression and ethical obligations of the new media environment.

This volume will address the scope and nature of this developing environment of expression with chapter topics ranging from privacy, cyber-bullying, and harassment to defamation, intellectual property rights, and online safety.

#### **Janelle Coe:**

Is it you actually who having spare time in that case spend it whole day simply by watching television programs or just resting on the bed? Do you need something totally new? This Regulating Social Media: Legal and Ethical Considerations (Communication Law) can be the answer, oh how comes? A book you know. You are and so out of date, spending your time by reading in this completely new era is common not a nerd activity. So what these guides have than the others?

#### **Liza Serrano:**

As a scholar exactly feel bored for you to reading. If their teacher questioned them to go to the library as well as to make summary for some book, they are complained. Just very little students that has reading's heart or real their passion. They just do what the professor want, like asked to the library. They go to at this time there but nothing reading critically. Any students feel that examining is not important, boring and can't see colorful images on there. Yeah, it is for being complicated. Book is very important for yourself. As we know that on this time, many ways to get whatever we really wish for. Likewise word says, many ways to reach Chinese's country. So , this Regulating Social Media: Legal and Ethical Considerations (Communication Law) can make you feel more interested to read.
