Women in Ancient Societies: An Illusion of the Night

This collection of essays represents research currently being undertaken on women's lives and their representations in various ancient societies. It provides a forum for the exchange and development of ideas and methods at a crucial period in the growth of women's studies in the UK. The book extends the customary parameters of "ancient history", geographically and chronologically, to include ancient India, Anglo-Saxon Britain and representations of women in 20th century cinema.
