## **The Before (The Farm series Book 1) Emily McKay**

Before vampires began devouring humans; before the surviving teenagers were rounded up and harvested for their blood; before all of that there was a time simply called The Before . . .

What looks at first like nothing more than a bad science fiction movie soon becomes a terrifying reality for Lily Price: swarms of vampires devouring humans across America. Now, locked in her house while the world falls apart around her, Lily must find the strength to support her collapsing mother and protect her autistic twin sister, Mel—and somehow find a way to flee the advancing horde of undead before it's too late.

But with martial law declared and a rogue cop watching every move Lily makes, escape seems hopeless. And then comes a phone call that threatens to change Lily's life forever, a call that's certain to break up her family and send Lily and Mel to a place they may never return from.

From the author of the award-winning *The Farm* and *The Lair* comes *The Before*, a terrifying look at what life was like when the vampiric undead first took over our lives.

### About the Author:

Nationally bestselling author and winner of the prestigious Rita Award, Emily McKay got her start writing romance novels. After ten years of writing books with babies and billionaires, Emily decided to try her hand at something different—Young Adult horror. Her Rita-winning book, *The Farm*, launches a trilogy set in a terrifying post-apocalyptic world where teens are farmed as food and genetically mutated monsters roam the country.

When she's not devising new ways to kill vampires, Emily lives in the hill country with her husband, the Geek, her two great kids, two cats and two dogs. In her spare time, she raises organic veggies and chickens and tries to hide the fact that she's secretly prepping for the apocalypse.
