In our busy society many Christians find it hard to take the time to read and understand larger systematic theology and apologetic (defense of the faith) books. The Fundamentals of the Christian Faith gives a clear and concise explanation of several essential Bible doctrines to help ground believers in the Christian faith and equip them with practical knowledge in basic apologetics. This book is the result of many years of Bible study, evangelistic work, and apologetic research and debate. It will help to prepare anyone who wants to do the work of evangelism, make disciples of Christ, and refute many false teachings that exist in our world today.
