## **Metaphor and Belief in The Faerie Queene** R. Wood

Rufus Wood contextualizes his study of *The Faerie Queene* through an initial discussion of attitudes towards metaphor expressed in Elizabethan poetry. He reveals how Elizabethan writers voice a commitment to metaphor as a means of discovering and exploring their world and shows how the concept of a metaphoric principle of structure underlying Elizabethan poetics generates an exciting interpretation of *The Faerie Queene*. The debate which emerges concerning the use and abuse of metaphor in allegorical poetry provides a valuable contribution to the field of Spenser studies in particular and Renaissance literature in general.
