Why Mission? (Reframing New Testament Theology) Dean Flemming

Recent years have seen heightened interest in how to read scripture from a missional perspective. This book addresses that question by exploring both how the New Testament bears witness to the mission of God and how it energizes the church to participate in that mission. It also makes a distinctive contribution by applying a missional reading to a variety of New Testament books, offering insights into New Testament theology and serving today's discussions about mission and the church.
