The great Scottish architect Charles Rennie Mackintosh (1868–1928) has come to be seen as one of the most influential early 20th-century designers. Like Frank Lloyd Wright, whom he rivals in popularity today, Mackintosh viewed the design of furniture and interior spaces as a vital part of his architectural work. Today, reproductions and objects based on his design ideas are wildly popular.

This is the fourth edition of the primary reference work on Mackintosh furniture and the first time it has been in print in more than twenty years. Completely revised and redesigned, with new information and many new color illustrations, the book documents every surviving piece of Mackintosh furniture and every drawing, as well as his interior designs (including reconstructions of interiors that have been destroyed).
