... Compassion in a vampire can be a handicap. Vampire Woman, who leaves snacks to replenish her victims, gains something unexpected when she spares one woman's life. She also learns a little about technology, gaining a leg up on those who reject her kind. She is a solo vampire's, with no coven to claim her. Her mark of distinction is that she uses her sharp lance blade fingernails to pierce the victim's necks before opening wide her mouth to feed on their blood. With a bounding leap and a swoop she descends on those who venture out alone at night.
