This is an advanced book in many respects because it covers aspects of spiritual life that are not to be found elsewhere. You will come to understand the reason for knowledge but the greater importance of experiencing the relationship that God desire with all His subjects. The power of the Pentecost is not overlooked and you will grasp a much greater appreciation of what this means for you today. Religion is very much misunderstood today. People see religion as just some belief system based on a few assumptions. Reading this book, you will come to understand the heart of true religion. You will learn why you need to establish your own identity within God's Creation. You will learn how the salvation record is tracked from Abraham down to the present day Christian. Many misunderstandings and misconceptions will be cleared up as you learn the truth about the genealogical record and what it means for you. You will learn what is required in working out your salvation and how you can bring forth the fruit that counts. Most of all, you will learn the reason why you need to testify and the power that is inherent within a testimony that comes from living a life of victory.
