## **Alpha Male Series (5 in 1)**

### **Book One: Omega Apprentice**

Omegas don't really have a lot of options as far as jobs. They can flip burgers, style hair and work for Alphas. They couldn't work in any real jobs. They were expected to stay home and take care of the children. Their job was to please their Alpha.

### **Book Two: Untamed Heart**

Dana Irvine is a wild child that likes to push the envelope when it comes to driving fast cars, jumping off cliffs and just about anything that makes her adrenaline rush. She remembers the one that got away. They had a brief and meaningful encounter that ended with him gone and her with a hickey that lasted forever. She never thought that a man could affect her like that, but he did. It had been six months since Chris had vacated her life, when she started to see changes in the way that she behaved. Where she was into adventure, she now takes foolhardy risks that makes most people cringe and look the other way.

Devon comes into her life and tells her that she has been bitten. He has the cure, but will only give it to her if she performs a couple of tasks. The last one will be to kill the Alpha, namely Chris.. Can she truly kill the man that she supposedly loves for the chance at a normal life? Was it love, or was it the heat due to the wolf lurking within?

### **Book Three: The Werewolf Genome**

Brody is a werewolf whose life is perfect until his brother gets into some trouble with the government. Seems someone's out to steal his DNA for a sinister purpose and Brody means to get him back. Serena is a soldier, wary about helping her fellow troops carry on a specific mission: one that involves a seemingly human hostage. So when Brody infiltrates Serena's base, she's willing to cooperate with him, especially

because he's hotter than any man she's ever met. Will Serena be able to lead Brody back to his brother? What does the government want with the werewolf hostage? As Brody falls deeper for Serena, will their relationship cause turmoil and end in the death of Brody's brother? Things get steamy as the imminent war gets closer. It's just a matter of who's smarter or stronger. The Army, or the wolves? Which side will Serena choose in the end?

## **Book Four: Moonlight Sonata**

Katie was a player and a waitress. She used her table waiting to find her prey and reeled them in with her amazing brown hair and stellar body. It had gotten her cars, jewelry, money and anything else she wanted, but she never once found love.

She was pretty sure she did when she met Steve, a soft spoken young man who came in every day for a cup of coffee. He was shyer than most, and he couldn't quite say what she knew he was thinking, so he tried to drink to do it. He came into the restaurant blacked out on cheap whiskey and wine coolers, and he could've killed her if it weren't for a daring rescue by a strange man named Luke who whisked her away and opened her eyes to a world she never thought possible.

Would Luke's secret tear them apart? Was Katie finally in love?

## **Book Five: Finally Taken**

Katarina was back from an amazing summer road trip, only to find that she was short on tuition for the next year. With the term fast approaching, Kat takes a job with one of her friends at a local bar. She quickly finds herself in the middle of dangerous illegal activities and on the wrong side of the wrong man. With her safety in jeopardy and no hope in sight, she is saved by a dark-eyed man that promises to keep her safe. Kat soon learns that her plight is not over, as Carlos has his own secrets that are trying to crawl their way to the surface.
