A novella and a parody or novody based on George Orwell's 1984

Imagine a world ruled by people can't get sex and can't make people laugh.

The Year Before 1985: 1984 A Novella

"FartyParty" "MOCK Police." "Fig Newton" "OhWellian" "doublemint" "KlingonSuavease"

George OhWell uses these words in his classic pissedofftopian novel, The Year Before 1985: 1984. The story of one man's nightmare struggle as he purses a forbidden love affair while trying to free people from only telling really lame Knock-Knock jokes approved only by the FartyParty, who controls the government right now.

In 1984, Londonbroil is a dirty city where Fig Newton is always coming to town and asking you to behave and eat your vegetables and telling you what jokes you can laughed at. The MOCK Police can practically read your mind of dirty jokes which are expressly forbidden.

Stilton is a man freaking out because he remembers how jokes were organically funny. While doing the hanky panky, Stilton finds the courage to join an unFartyParty group of renegades called the HomiesInTheHood, dedicated to the destruction of the FartyParty using the manifesto written in BARF, a book written by the rebel Eddie Rothschild. Together with his beloved Hulia, he hazards his life to make life funny again. Really funny.

This is Book Uno of Tres Books.

The jokes are lame but the ideas are not.
