First Wave

Special Forces veteran Travis Combs just wanted to forget his weary years of leading combat missions while taking an extended rafting trip through the Grand Canyon. As he and his group complete a 22-day trip on the Colorado River, they find the world has unraveled from a deadly pandemic. Now, he has to show his small band how to live off the land and cross the rugged Arizona desert, while evading blood-drinking zombies, gangs of cartel bikers, and a rogue government agency.

The Longest Day

After training and leading his small band of survivors through the desert, Travis Combs just wants to get back home to his son in Denver. However, an emerging force in the mountains of Flagstaff poses a threat to his plans, and they will stop at nothing to obtain what he has.

No Place To Hide

As Travis and his band of fighters head for the secret lab in Durango, they face the convergence of powerful forces bent on securing the vaccine. With a traitor in their midst, and with the emerging threat of faster moving zombies, he must lead his weary group through the mountains and take the battle to his enemy.
