The little ruined outlet, which gives its name to one of the most popular national songs of Erin, is situated on the acclivity of a hill near the city of Limerick, commanding a not uninteresting view of that fine old town, with the noble stream that washes its battered towers, and a richly cultivated surrounding country. Tradition has preserved the occasion of its celebrity, and the origin of its name, which appears to be compounded of two Irish words signifying Owen sgarden. A person so called was the owner, about half a century since, of a cottage and plot of ground on this spot, which, from its contiguity to the town, became a favourite holiday resort with the young citizens of both sexes a lounge presenting accommodations somewhat similar to those which are offered to the London mechanic by the Battersea tea-gardens. Owen sgarden was the general rendezvous for those who sought for simple amusement or for dissipation. The old people drank together under the shade of trees the young played at ball, goal, or other athletic exercises on the green; while a few, lingering by the hedge-rows with their fair acquaintances, cheated the time with sounds less boisterous, indeed, but yet possessing their fascination also. The festivities of our fathers, however, were frequently distinguished by so fierce a character of mirth, that, for any difference in the result of their convivial meetings, they might as well have been pitched encounters.
