Anatomy of the Psyche: Alchemical Symbolism in Psychotherapy (Reality of the Psyche Series) Edward F. Edinger

"Edinger has greatly enriched my understanding of psychology through the avenue of alchemy. No other contribution has been as helpful as this for revealing, in a word, the anatomy of the psyche and how it applies to where one is in his or her process. This is a significant amplification and extension of Jung's work. Two hundred years from now, it will still be a useful handbook and an inspiring aid to those who care about individuation". -- Psychological Perspectives
