Boutwell republished this Christian classic because the modern church pulpit has gotten away from expositing the Bible, indeed Boutwell maintains that many parishioners would barely recognize the Bible if actually quoted. HOW TO MASTER THE ENGLISH BIBLE is for the typical layperson who wants to learn to read God's Word for themselves, and know what God is really saying to us. It teaches the reader how to read the Bible in an expository manner (explaining what the Bible means by what it says). Gray teaches that rather than analyzing a passage of Scripture (taking it apart), it should be synthesized (how a specific passage fits within the whole of a book of the Bible or the Bible as a whole). Scripture explains the meaning of passages of Scripture, as God has written His Word in toto over a period of time through human authors in time and space. If you want to really understand the message of Scripture, use this book to learn to teach yourself!
